SCOTINA

INFUSIONS 40 ML

All our infusions are made following our own recipes with local fruits and berries. The drinks are based on grape distillate from Praskovevsky distillery. Russia

Strawberry 300 P

Number one in our flavour and aroma collection.

Smoked pear 300 P

This infusion is made from local smoked pear. Smoky and fruity.

Grapefruit and chili 300 P

This infusion is made from grapefruit zest and juice with chili pepper. Light bitterness of grapefruit and spiciness of chili pepper.

Wild cherry 300 P

The masterpiece of our collection, cherry stone and berry, aged together in red wine oak barrels.

Seasonal drink, prepared once a year.

Smoked dried apricot 300 P

Smoked pear's cousin, a flavourful dried sunny apricot wrapped in smoke.

Peach from Divnomorsk 300 P

Nectar with zero added sugar, take a small sip and repeat.

Dogwood 300 P

A 100% forest berry, mix of its early and late harvest creates a very special drink, tasting sour and honey sweet at the same time.

Limoncello 300 P

Variation of famous liqueur with addition of lemon juice.

Southern horseradish 300 P

Known by many, prepared with a new recipe, slightly spicy and filled with creamy notes of Madagascar vanilla — our beloved Southern horseradish from Kuban.
